## Citizens of Albuquerque A Vile Fraud About to Be Perpetrated

OVER TWO HUNDRED NAMES WERE REGISTERED AT THE LAST MINUTE SATURDAY NIGHT IN EACH THE FIRST AND SECOND WARD.

MANY OF THESE MEN ARE KNOWN TO BE JESUS ROMERO'S SUPPORTERS FROM OLD TOWN, ATRISCO, BARELAS AND ALAMEDA.

IT IS NOW STATED JESUS ROMERO INTENDS PLACING A LARGE NUMBER OF DEPUTY SHERIFFS AT THE FIRST AND SECOND WARD POLLING PLACES.

THE SHERIFF ABSOLUTELY HAS NO RIGHT TO INTERFERE IN A CITY ELECTION. WILL THE PEOPLE OF ALBUQUERQUE STAND FOR SUCH HIGH HANDED PROCEDURE? LAY ASIDE YOUR PARTY PREJUDICE AND FORESTALL THE ATTEMPT OF JESUS ROMERO TO CONTROL OUR CITY AFFAIRS.

HE IS ONLY HIDING BEHIND BOATRIGHT AND WILLIAMS AND USING THEIR ISSUES FOR HIS OWN PERSONAL GAIN.

NO GREATER CALAMITY COULD BEFALL THE CITY OF ALBUQUERQUE.

**It's Life or Death to Jesus Romero's  
Political Ambitions**

Nominees--Do It For Albuquerque**

## Today's Live News of the Sunshine State

### MURDER CASE IN SOCORRO COUNTY COURT TUESDAY

Alfredo Chavez to be Tried for  
Murder of Aged Merchant  
at Puerto Cito Last February.

### CASES AGAINST FORMER COUNTY OFFICIALS UP

Men charged with Grafting  
and Improper Use of Funds  
and County Property to be  
Heard This Week.

[Special Correspondence to the Herald]  
Socorro, N. M., April 6.—The petit jury of the March term of district court here has been in session for a week and during that time has tried five cases. Of these three were convictions, one resulted in acquittal and in one case the state moved to dismiss when it was found that there was a variance in the proof. In addition six men plead guilty.  
The first case tried was State vs. John Hray for assault with a deadly weapon. Hray had had a dispute with Frank Cravolin, a saloonkeeper of Kelly, over pay for some work done by Hray. He tried to collect it with a revolver. He was found guilty.  
In the case against John Apodaca for killing a cow, belonging to Sam Hale, on the plains west of Magdalena the jury brought in a verdict of guilty in spite of the fact that Apodaca appeared to have many influential friends on both sides of the political fence.  
In the case against Pablo Garcia a verdict of guilty for larceny of a horse was brought on Friday.  
The case against Maximino Griego for killing cattle belonging to John W. Cox, which was tried Saturday, brought a surprise. The chief witness for the state, Ramon Salazar, was arrested by Sheriff James, immediately after giving his testimony in chief, as a fugitive from justice. The defense learned of this and recalled him and brought out that he had been sent to the state penitentiary for larceny of a horse and had escaped from the road gang at San Marcial. Of course the jury brought in a verdict of not guilty.  
This, however, did not help the defendant Griego for he was at once re-arrested at the request of the sheriff of Apache county, Arizona, where he is wanted for cattle or horse stealing.  
Those that plead guilty were C. W. Mulhern charged with carrying concealed weapons, who was fined and sentenced suspended as it appeared that he had acted in good faith. Flavio Pino plead guilty to passing worthless checks. Rafael Rivera admitted a charge of assault with intent to rape committed on a woman of doubtful character. Crispin Garcia plead guilty to a charge of horse-stealing; a man named Dodson admitted a charge of carrying concealed weapons, and Frank Cravolin the Kelly saloon keeper plead guilty to an information charging him with conducting a poker game. He was fined fifty dollars and costs.

### FIFTY THOUSAND TREES WILL BE PLANTED

Extensive Work this Season  
by Forest Service in Gal-  
linas Forest Nursery Near  
Las Vegas.

### CRIMES IN ST. LOUIS ARE DOUBLED WHEN VICE ZONE IS SHUT

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)  
St. Louis, April 1.—Crimes against women have increased almost 100 per cent at St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter.

[Special Correspondence to the Herald]  
Elasi Las Vegas, N. M., April 5.—According to Forest Supervisor Don P. Johnston of the Pecos national forest, who has been a business visitor in Las Vegas and at the Gallinas forest nursery for the past week, the summer planting at the station will begin either the latter part of this month or by some time in May. Mr. Johnston stated that over 50,000 trees are to be planted. The species that are now at the station awaiting planting are yellow pine, Douglas fir and Engelmann spruce.  
Mr. Johnston, accompanied by members of the New Mexico branch of the forest service and some from the Arizona station, has seen at the Gallinas reserve for the past week making plans for the spring and summer work. He stated that conditions are favorable and that indications are that the year will be a successful one.  
H. D. Burrell, who has been stationed at the Gallinas nursery for the past several years, left today for Albuquerque, where he will enter survey work of the forest department. He is to be succeeded here by Herman Krauch, who has already taken charge of the local station. Mr. Krauch formerly was located on the Gila national forest at Silver City and also has been stationed at the Fort Valley experimental station in Arizona.

### CRIMES IN ST. LOUIS ARE DOUBLED WHEN VICE ZONE IS SHUT

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)  
St. Louis, April 1.—Crimes against women have increased almost 100 per cent at St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter.

### CRIMES IN ST. LOUIS ARE DOUBLED WHEN VICE ZONE IS SHUT

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)  
St. Louis, April 1.—Crimes against women have increased almost 100 per cent at St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter.

[Special Correspondence to the Herald]  
Deming, N. M., April 5.—Columbus, N. M., on the Mexican border, has taken the veil and one more New Mexican town has been added to the rapidly growing list of the dry ones. Judge Nebill of Silver City last week granted an injunction requiring the town board of Columbus to pass an ordinance complying with the mandate of the people at the recent prohibition election declaring against future sale of liquor there.  
The election was regularly held and the dry people won out. The trustees then sought to avoid passing the necessary ordinance on technicalities. The court overruled these and granted the injunction asked for by the dry faction by their attorneys.  
Columbus has three saloons paying an annual tax of \$750 each, which will thus be compelled to cease operations, and this matter cannot be taken up again for four years.  
What the village government is to do to make up the revenue thus lost has not been decided.

St. Louis, April 1.—Crimes against women have increased almost 100 per cent at St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter.

[Special Correspondence to the Herald]  
Deming, N. M., April 1.—Deming is making plans to entertain the Thirteenth cavalry, or three troops of that regiment which has been ordered here from Columbus for a three-day visit. The coming of the cavalry has no official significance, but is merely a trip for a brief relief from the detail of border patrol duty. The troopers will camp in the baseball park.  
The Deming National bank, one of the pioneer institutions of the southwest, has added a savings department to its already large business.  
According to T. H. Kruttschnitt, assistant superintendent of the Southern Pacific, who was here last week, Deming is going to have one of the prettiest park depots in the west. The work of improving the park is now well under way. Cement curbing is being laid and the whole station is to be surrounded with trees and flowers. The park is the result of several years of agitation and the placing of a demonstration well and pumping plant at the station by the chamber of commerce, in co-operation with the Southern Pacific.  
The Minnabee Valley Alfalfa Farms company has laid out a townsite on its former farming lands, near here, and has incorporated a townsite company of which C. E. Mease is president.  
Thirty acres each day are being seeded to alfalfa on the lands of the Minnabee Valley Alfalfa Farms company. A total of 1,500 acres will be seeded by the company to fulfill the contract with land purchasers.  
Two pumping plants, to develop at least 1,500 gallons a minute each are to be installed on the 8,000-acre tract of the Southwestern Alfalfa company. The equipment is 45-h.p. Rumley engines and 24-inch American pumps.

### QUADALUPE COUNTY COURT OPENS TODAY

[Special Correspondence to the Herald]  
Santa Rosa, N. M., April 5.—The Quadalupe county district court will open here tomorrow with Judge D. J. Leahy of Las Vegas presiding. Judge Leahy, District Attorney C. W. Ward, stenographer William E. Gortner, and several attorneys from Las Vegas arrived this afternoon.  
No criminal cases of great importance are set for trial. Ramon Landie, chairman of the board of commissioners is under indictment for assault with a deadly weapon, and George Senat county clerk, is under indictment on the charge of discharging a weapon in a settlement. James Griggs will be tried on a charge of stealing cattle. Carl Olsen vs. W. H. Angel, a suit for damages for the alleged alienation of the affections of his daughter, is an interesting civil action which will be heard.

### TAKE SALTS TO FLUSH KIDNEYS

Don't Let Men If You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your nose; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.  
To neutralize these irritating acids and flush off the body's urinous waste set about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

### ROSWELL MEN GET BIG CRATE CONTRACT

Roswell, N. M., April 5.—The Farmers Supply company of this city has secured from the Roswell Produce company a contract for the El Paso Milling company to supply cantaloupe crates for about 1,200 acres of melons, at Portales, Roswell, Artesia, Lakewood and Pecos. The Roswell Produce company, of which Mr. Turnbull is the manager, has secured the contract to handle the crop from this acreage and will supply the crates for all the melons to be shipped from the various farms under the contract. From 100 to 200 crates per acre will be required, the number depending upon the crop and the condition of the market when the crop is ready to ship.

### ROSWELL MEN GET BIG CRATE CONTRACT

Roswell, N. M., April 5.—The Farmers Supply company of this city has secured from the Roswell Produce company a contract for the El Paso Milling company to supply cantaloupe crates for about 1,200 acres of melons, at Portales, Roswell, Artesia, Lakewood and Pecos. The Roswell Produce company, of which Mr. Turnbull is the manager, has secured the contract to handle the crop from this acreage and will supply the crates for all the melons to be shipped from the various farms under the contract. ### WATER ABUNDANT ON MAXWELL PROJECT

Maxwell, N. M., April 5.—The water in Hebron dam continues to rise, although a second feet continue to flow from the outlet to fill the various lakes on the tract. The water in the dam is now within four feet of the spillway and the prediction is continually made that before the end of April every reservoir on the tract will be full to capacity and water going to waste from the outlet to fill the various lakes on the tract. The water in the dam is now within four feet of the spillway and the prediction is continually made that before the end of April every reservoir on the tract will be full to capacity and water going to waste from the outlet to fill the various lakes on the tract. ### THIRTEENTH CAVALRY WILL VISIT DEMING DURING THIS WEEK

[Special Correspondence to the Herald]  
Deming, N. M., April 1.—Deming is making plans to entertain the Thirteenth cavalry, or three troops of that regiment which has been ordered here from Columbus for a three-day visit. The coming of the cavalry has no official significance, but is merely a trip for a brief relief from the detail of border patrol duty. The troopers will camp in the baseball park.  
The Deming National bank, one of the pioneer institutions of the southwest, has added a savings department to its already large business.  
According to T. H. Kruttschnitt, assistant superintendent of the Southern Pacific, who was here last week, Deming is going to have one of the prettiest park depots in the west. The work of improving the park is now well under way. Cement curbing is being laid and the whole station is to be surrounded with trees and flowers. The park is the result of several years of agitation and the placing of a demonstration well and pumping plant at the station by the chamber of commerce, in co-operation with the Southern Pacific.

### DURANGO MAN WILL DRILL FOR OIL IN SAN JUAN COUNTRY

[By Leased Wire to Evening Herald]  
Farmington, April 2.—Geo. DeLuche of Durango, came in from the Smelter City the first of the week on his way to the Meadows oil fields, where he, with a number of other Durangites, are interested in some four sections of oil land which they staked out and filed on during the excitement of a year ago when the oil was first struck in the Mattox well.  
Reports have been circulating to the effect that Albuquerque people had a representative in the fields this winter who had remarked all the land in the meadows. Mr. DeLuche went down to see if this were true, and reports that the land in which he is interested has not been touched.  
As soon as convenient Mr. DeLuche and his people will organize, and then intend to secure a drill and do their assessment work to hold the claims, and then when this is done, if their present plans carry out, work will be commenced in earnest to develop oil on their holdings.

### INCOME TAX REVENUE FALLS SHORT OF ALL EXPECTATIONS IN STATE

Santa Fe, N. M., April 6.—It is now admitted that the revenue from the new federal income tax will not be nearly up to expectations and it is said that in New Mexico the returns will fall many thousands of dollars below estimates. While it does not apply so much to New Mexico as elsewhere, one explanation is that congress failed to realize that the smaller incomes were largely derived from dividends from corporation stocks, upon which the government income tax law income of less than \$20,000 are subject to the normal tax only, and such dividends are not taxable on the ground that the corporations themselves pay the tax. In the case of incomes in excess of \$20,000 the individual is required to pay a tax upon such dividends.  
It is said that in the city of Denver for instance, where it was believed the tax would realize \$700,000, the total will fall below half a million dollars.  
Internal revenue officers here denied the report that all income tax must be paid in the state not later than April 1. Those who have taxable incomes have until June 30 to pay, although all returns not in by March 31 will be penalized. It is understood the returns have been fairly complete in New Mexico. How many have filed returns is a dark secret as the officials are scrupulously observing the injunction of the commissioner of internal revenue not to give out any details.

### COUNTIES TO CO-OPERATE IN BUILDING NEW ROAD

[Special Correspondence to the Herald]  
Carriazo, N. M., April 4.—The state of New Mexico, United States Senator A. B. Fall, and the counties of Lincoln and Otero are going to co-operate in the building of a most important piece of highway, that stretches from Tulareza to Carriazo. The proposed auto road runs for several miles through Senator Fall's property at Three Rivers and he has agreed to build all that part of it. George E. Moffett, who recently visited Santa Fe to confer with the state road commission, secured a promise of substantial state aid for the project.

### CIVIL WAR VETERANS TO HOLD BANQUET AT MELROSE

[Special Correspondence to the Herald]  
Melrose, N. M., April 5.—Veterans of the civil war, the men who wore the blue and the grey, are to meet around the banquet board here on the 19th of April in a gathering which promises much of interest. Fifty cents a plate will cover the expense, but the veterans of the great conflict are looking for fifty dollars worth of fun.  
The Curry county Teachers' association held a very interesting meeting here Friday and Saturday. The teachers are being entertained today with a dinner and games.  
Twenty conversions are reported as a result of the revival meeting which has been here for some time past.  
J. H. Moss is preparing to attend the reunion of the Shelby, Quantrell and Marmaduke commands ex-co-federate soldiers at Clarendon, Texas, May 8th. He was a member of the Shelby command.

### BIDS TOO HIGH ON CARLSBAD SCHOOL

[Special Correspondence to the Herald]  
Carlsbad, N. M., April 4.—The Carlsbad school directors will be forced to call for new bids on the new grammar school for the building of which \$12,000 is available. The bids were opened this week and found to range from \$12,000 to \$15,000 for the building alone. Changes in the specifications will be made so as to bring the building within the amount available.

### CRIMES IN ST. LOUIS ARE DOUBLED WHEN VICE ZONE IS SHUT

(Telegram from St. Louis to the Denver Post of Wednesday, April 1st.)  
St. Louis, April 1.—Crimes against women have increased almost 100 per cent at St. Louis since the board of police commissioners a month ago abolished the segregated vice quarter.

### WORK UNDER WAY ON NEW WATER WORKS FOR RATON

[Special Correspondence to the Herald]  
Raton, N. M., April 5.—Contractor Jordan, who was in the city the early part of the week arranging for the beginning of work on the main distribution unit of the new water system, left Wednesday night to secure the necessary pipe. It has been learned that the C. F. & L. company, from whom it was expected to obtain the pipe, may not be able to deliver as quickly as the situation in Raton demands, and it may be necessary to go as far away as Alabama to get the pipe in time. The pipes to be used will be 12, 10, 8, 6 and 4 inch dimensions, and a great quantity will be required. It will be of cast iron. As soon as a sufficient supply is located, the work of digging the trenches and laying the mains will be rushed.
